

New i.d Interiors

New i.d combines inspirational creative interior design with our professional installation services, seeing residential and commercial clients through every step of the design process.

We are thrilled to be one of the main sponsors of this year's WhatHouse? Awards. Contributing and taking part in this prestigious event is of tremendous value to us. The WhatHouse? Awards is of great importance in the industry and we look forward to the big event.

**Q Assure Build Ltd**

Clare Thomas, managing director

The WhatHouse? Awards are a highly respected symbol of excellence in the housebuilding industry and, as sponsors, we are proud that Q is to be represented at this prestigious event for the second year running.

The Q Policy brings a fresh approach to the structural warranty market, promoting high-quality construction and underwriting. With a wealth of experience and a real focus on putting customers first, Q works with developers and their site teams during the construction phase to help get their new and converted homes right first time.

Q is achieving its mission to improve construction standards in housebuilding through our growing network of developers who are the key to our success. Our clients want to build quality homes that meet the expectations of homebuyers across the UK, and we go the extra mile to provide support and advice throughout the whole construction process, visiting site a minimum of eight times per plot.

Strong growth is predicted in the UK housing market, so it's a really exciting time for the industry as the government challenges developers to build more new homes than ever before. The

WhatHouse? Awards are testament to the success and hard work of many excellent housebuilders across the UK and we are delighted to be part of such an inspirational event again this year.

**Robinson Manufacturing Limited**

Mark Smy, managing director

Robinson Manufacturing specialises in manufacturing high-quality timber-engineered roof trusses, engineered floor joists and glulam beams.

With four factories across England and Wales, Robinson Manufacturing is well placed to supply housebuilders, commercial property developers, architects and contractors nationally, regionally and locally.

The success of Robinson Manufacturing is built on the trust of our customers and the personal commitment of our outstanding people, who have grown with the company since its beginnings as a family business. The dedication of everyone who works at Robinson Manufacturing to customer satisfaction, open communication and quality, from design to delivery, is unrivalled, and includes:

- Fully ISO 9001:2015 accredited
- Dedicated customer service contacts and ongoing technical support
- Market-leading design team
- Commercially efficient, professionally engineered solutions supported by ongoing investment in infrastructure, design and manufacturing processes
- Four large manufacturing facilities, in Northamptonshire, Wales and Essex
- In-house delivery fleet
- Pro-active environmental programme to ensure sustainable manufacturing

We are delighted to be partnering with the sector's most prestigious awards. Celebrating success and innovation will continue to motivate the sector and all involved with it – including us – to take pride in working to the highest possible standards.
